Center lock dummy
Part.-No.: CAR41910050

cargraphic wheels are the absolute finest 3 piece wheels on the market. This 3 piece high quality product "Made in Germany" incorporates the strongest, lightest and most durable components such as: • Heat treated cast stars or, • Spun forged machined stars, • Handpolished stainless steel outer rims, • Reinforced inner rims, • Internal bead retainer for secure and perfect tire fit as prescribed by TÜV standards, • Stainless steel bolts. Race proven on the worlds most challenging race tracks the **cargraphic RACING** wheel is the world record holder on the Nürburgring Nordschleife. All wheels are TÜV approved with extreme high wheel loads, thereby insuring the highest quality and construction. The wheels are available in the following finishes: standard: silver center; custom: black center, SLC-chrome center, painted in any colour. A **cargraphic** stainless steel centercap is included or optional for a high tech finishing touch opt for a set of **cargraphic** center lock dummies.

Partno.: CARFE430ER

Remot control units

for manual control of the exhaust flap system.

WITHOUT TÜV EXPORT

Partno.: EXFLAPRC

for manual control of the exhaust flap system and optional
programmable through backpressure.

WITHOUT TÜV EXPORT

Partno.: EXFLAPRCBP

CAR CAPSULE™ - the dry solution for your car storage problem!

The **CAR CAPSULE™** is suitable for both short and long term storage, it takes only minutes to put your car in and take it out again. It will keep your vehicle dry and fresh, even in a damp environment. Even if you place a wet vehicle inside, it will dry out.

The energy efficient low-voltage fan maintains a continuous flow of filtered fresh air passing over and through the stored vehicle. The airflow takes moisture with it as it passes evenly through the zips, reducing the build up of condensation and rust.

CAR CAPSULE™ even keeps interiors from becoming damp and musty after prolonged storage.

Partno.: TC18

CarCover

This exclusive range of carcovers is fully tailored to the contours of your car and the fabric as well as the cotton/polyester 35%/65% mix material and Maille quality is first class. The material is very soft and breathes to allow moisture to evaporate. Available are 1500 cutting samples for nearly all cars, racing cars and collector cars. Including storage bag. The car cover comes with mirrorsacs, protective fleecy lining, coloured piping and a satin inlay in the hood area. Available are two different qualities: Cotton/polyester 35%/65% mix material and Maille. (Washable 35°).

Please state model, year and specialities on your car when ordering.
